

Lab7

The screenshot shows the Eclipse IDE interface. The top half displays the Array.java file in the Package Explorer:

```
1 package lab7;
2
3 public class Array {
4
5     public static void main(String[] args) {
6         // TODO Auto-generated method stub
7     }
8
9     private static int [] A;
10
11     public Array() {
12         A = new int[10];
13     }
14
15     public void setArray(int [] v) {
16         A = v;
17     }
18
19     public int OCCUR(int key) {
20         int count=0;
21         for(int i= 0 ; i < A.length -1 ; i++)
22             if (A[i]==key) count++;
23
24         return count;
25     }
26 }
```

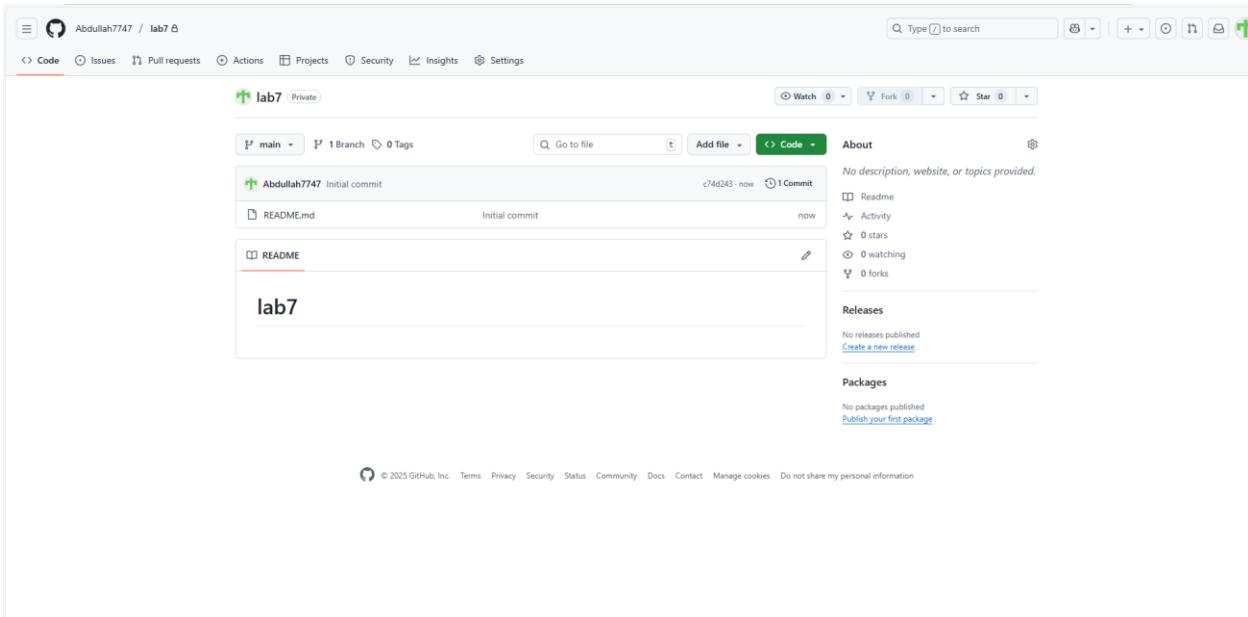

The bottom half shows the Welcome view with sections for Overview, Tutorials, Samples, and What's New.
